Charging the speaker

To charge the Bluetooth speaker, connect the supplied micro USB cable to the USB charging port and the other end to your computer or USB charging device. Before using it for the first time we recommend you charge the battery fully.

Turning ON/OFF the Speaker

Before Turning ON the speaker, please ensure that it is fully charged. Slide the ON/OFF switch to ON/OFF position to turn on/off the unit.

TWS function

It is possible to use two copies of this speaker, paired together, to benefit from a stereo sound.

To do this, turn on both speakers, then press the  button on one of them once. The two speakers will connect to each other.

You can then pair your device with the stereo unit by following the procedure below. Ensure that both speakers are spaced less than 10 meters.

Connect using Bluetooth Technology

- Turn on ON/OFF button. You would hear an indication tone, indicating that you are now in Bluetooth Pairing Mode.
- Activate the Bluetooth function on your source device (Mobile Phone or Tablet). Please refer to manufacturer's instructions on enabling Bluetooth on your device.
- Search for available Bluetooth devices and you would find "SKU-7722" – Pair it with this device.
- If required, enter the password "0000" to pair with the device.
- Once paired successfully, you will hear another indication tone.
- You can now stream wireless music on your speaker through your source device.
